EXPERIENCE

Senior Product Designer

Marqeta

Jun 2021 – Present

DISPUTES PORTAL / Own design for Marqeta's disputes product area for 3+ years, the system customers use to manage chargebacks and resolve cases

- Sole designer from **0 to alpha to GA in Aug 2026**, replacing the platform's legacy disputes product across a business line handling **~1M disputes a year**
- Lead design of the **first customer-facing AI feature** in Marqeta's SaaS product, contributing to an org goal of 70% auto-acceptance of AI recommendations
- Reconcile Reg E, PSD2, and card network requirements into one system, contributing to **50% fewer manual operations** and **~\$1.75M in cost savings**

APPLIED AI / Take design work end to end from **concept to coded prototype to shipped code**, first on the design team to rebuild the delivery workflow around AI tooling

- Ship coded prototypes and in-repo contributions with Claude Code across **6 product areas**, taking work from design handoff to running code in **days rather than sprints**
- Automate design QA by diffing pre-release builds against production and filing the differences as pull requests through standard engineering review, **50+ PRs to date**

B2B2C PRODUCTS / Design across Marqeta's first B2B2C line, **cutting customer engineering effort by ~60%** and projected at **~\$2M in net new revenue by 2027**

- Lead design of the Uber Pro Card UK app for Uber earners across four core modules, live in the UK since 2026
- Lead design and research for the transactions and disputes component with **4.3/5 CSAT**; launched 2024 with Bold.org and Finfare signed at launch

TEAM / Sit on design hiring panels for 3 years; **mentor 5+ junior designers and interns**; found and run the design team quarterly newsletter

Product Designer

Yirental

Feb 2020 – Jan 2021

Sole designer on the search redesign for a rental marketplace, lifting satisfaction from **2.8 to 4.7 out of 5** across 136 surveyed renters; shipped Nov 2020

Rebuild search around exploratory and navigational intent, and restructure filters into 10+ categories and 40+ items ranked by usage, grounded in **18 interviews and a 108-person survey**

Product Design Intern

PhoneWagon

Feb 2021 – May 2021

Build the design system for a cross-platform call-tracking SaaS, **shipping foundation and website component libraries into production** in May 2021

Set component decisions against usage data and bring color contrast to **WCAG AA**

SKILLS

Design and Build

Product design, interaction design, visual design, design systems, information architecture, prototyping, coded prototypes, HTML/CSS, accessibility

AI and Tools

Claude Code, AI-assisted design workflows, AI feature design, Figma, Framer, GitHub, Jira

EDUCATION

Aug 2019 – May 2021

Indiana University Bloomington / Master of Science in Human-Computer Interaction

Sep 2014 – Jul 2018

Tianjin University / Bachelor of Engineering in Chemical Engineering and Technology
